FOR IMMEDIATE RELEASE

Yorktown Systems Group, Inc Awarded Contract to Provide Command and Control Systems to the Joint Communications Support Element.

Yorktown Systems Group Inc., a leading Service Disabled Veteran Owned Small Business, was awarded a contract on July 13th, 2009 by the 6th Contracting Squadron, MacDill Air Force Base to provide Command and Control Systems for the Joint Communications Support Element (JCSE).

“Our in-depth understanding of Command and Control requirements and our expertise in conducting efficacy analysis in support of military operations were essential in this effort. We conducted a thorough product analysis to determine the most effective systems for JCSE to meet their mission requirements”, said Bryan Dyer, President and CEO of **Yorktown Systems Group, Inc.** “Our quality employees and partners provide tremendous value to our customers. As in this award, we provide expert analysis, with a total system approach, to ensure that our customers get the product or system that exactly meets requirements at a cost effective price”.

Yorktown Systems Group, Inc. is a focused professional services company that intuitively understands the missions of their Government customers. As a Service Disabled Veteran Owned Small Business, this company strives to match employment opportunities with Veterans with the belief that Veterans, who volunteered to serve the Nation, are the cornerstone of a quality workforce that can exceed the requirements of Customers. **Yorktown Systems Group, Inc.’s** corporate reputation is paramount in their long-term vision. The company’s name was conceived from the last major battle of the Revolutionary War, the Battle of Yorktown, in which the nation’s freedom was ensured and allowed Soldiers to go home to become our country’s first veterans.
